Ten Pages VOL. XVII NO. 185

GLENDALE IS HOST TO VISITORS ON SUBURBAN DAY

Program Opens at City Club
in Los Angeles; Barbecue
Later in Woodlands

Glendale is host today to members of the suburban section of the Los Angeles City Club.

Prominent citizens of nearby communities are being taken on a tour of "The Fastest Growing City in America."

Meanwhile, a barbecue is being prepared for them in the Verdugo Woodlands.

The program opened immediately at the close of the luncheon at the City club.

At this time short addresses were made by Professor Melville Dozier of the Los Angeles School Board, Dr. Carol Aronovitch, city planning expert of the University of California, Dr. George P. Clements, manager of the agricultural department of the Los Angeles Chamber of Commerce, and C. D. Gulick, Glendale's municipal bus expert.

Over Proposed Bus Route
Led by Mayor Spencer Robinson and other city officials in a pilot car, the delegates were brought to the foothills over the proposed bus route. Dr. Jessie A. Russell, chairman of the civic committee of the Chamber of Commerce, is co-operating with the city officials who are in charge of the program.

Colorado P.-T. A. Has Program for Fathers

The "fathers' night" entertainment given last night by the Colorado street Parent-Teacher association, of which Mrs. E. S. McKee is president, and which was under the direction of the room mothers, proved to be one of the most enjoyable programs of the year and was attended by 130 parents.

The program for the evening included songs by children of the first grade, demonstration of a moving picture machine, the purchase of which is contemplated by the school, a short address by Miss Eldred on the Near East Relief, two vocal solos by Harry Girard, talk by City Manager Reeves on civic matters and also recitations by him for the children, "Little Boy Blue" and "The Cute Little Bow-legged Boy." After a short business session refreshments were served.

Boy Scout Oratorical Contest Is Being Held

A Boy Scout oratorical contest is in progress this afternoon in the auditorium of Glendale Union high school.

The winner will have the honor of delivering a speech on the night of April 13, when the Verdugo Hills Council of the Boy Scouts will be formally presented with its charter from the national organization.

The judges will be Mr. and Mrs. L. F. Collins of Burbank, Dr. Harry B. Crawford of Eagle Rock, Mrs. Benjamin Robinson, 407 North Louise street; A. T. Cowan, publisher of The Glendale Evening News, and H. F. Benner, scout executive.

Arthur Dibbern Will Be Host to Brother

Arthur Dibbern of the Dibbern Jewelry company of 121 North Brand boulevard has received word that his brother, Owen Dibbern, formerly of Glendale and who has been residing in San Francisco, will arrive tomorrow night for a week's visit in Glendale, during which he will renew acquaintances with his many friends here. He will be accompanied by his wife, who was formerly Miss Florence Vogt of Glendale. Owen Dibbern has been employed in San Francisco, but has now accepted a position in Seattle and is planning his Glendale visit before going to that city.

ATTEND MEETING OF TENT

Glendale members of Mary Jane Gillette Tent No. 18, Daughters of Veterans, who attended the meeting in Los Angeles Thursday night of Helen Jean Christie Tent included Mrs. Dora Hall, Mrs. Alma Dutton, Mrs. Susie Peck, Miss Annie Miller, Mrs. Queen Danner and Miss Audrey Hall.

ROBBED OF COLLECTIONS

SAN FRANCISCO, April 8.—Masked and armed bandits this afternoon held up Charles E. Benedict and Miss L. M. Callahan, officers of the Dairy Delivery company, and robbed them of a satchel containing \$9200. The dairy officials were taking two days' collections to the bank when their automobile was crowded to the curb and the bandits leaped to their running board from another car.

PROPOSES TAX INQUIRY

WASHINGTON, D. C., April 8.—A senate investigation of the internal revenue bureau with particular reference to alleged political partisanship in the conduct of tax exemption claims was proposed in the senate by Senator King, Democrat of Utah.

Little Drops of Water, Also Grains of Sand; One Hadn't Oughter-- It Means Wet Land!

"Across the Burning Sands."

Such was the sign on the Shriners' caravan which left here at 8 o'clock this morning for Santa Barbara with three novitates "riding the goat" on a Ford truck.

George L. Bentley, Elmer J. Jackson and Thomas D. Watson were the hapless ones who were dragged through the rain—instead of the heat of the desert—and, according to the hundred members of the local Shrine club, who followed in the wake of Cliff Neale, they will get their money's worth.

And in the words of one who didn't go,

"The sun may rise, and the sun may set,

"But sure as heck, they all got wet."

THIS CITY HOLDS BUILDING RECORD

Glendale Stands Fifth in List
in State; Many Residences
Under Construction

Glendale stands fifth among California cities in regard to building operations for March. However, in proportion to population its record undoubtedly ranks first.

Los Angeles, of course, heads the list with \$10,964,829. Long Beach is second with \$1,540,883; Pasadena with \$643,877 is third, and San Diego with \$581,700 is fourth. Next place, which is \$521,265, goes to Glendale.

Following Glendale are Venice with \$349,165; Santa Barbara with \$328,359; Whittier with \$317,015; Santa Monica, \$316,740; Santa Ana, \$306,771; Fullerton, \$266,915; Eagle Rock, \$227,956; San Bernardino, \$210,243; Alhambra, \$201,243; Orange, \$170,300; Burbank, \$167,740; South Pasadena, \$155,306; Bakersfield, \$153,585; Anaheim, \$153,111; Hermosa Beach, \$120,000; Huntington Park, \$111,691; Riverside, \$86,690, and Ontario, \$73,900.

Eagle Rock has secured twelfth place on this list and Burbank, which is in sixteenth place, is immediately followed by South Pasadena.

List of Permits
April seems to be holding its own in the building line with \$181,632 to her credit already, bringing the amount for 1922 this morning up to \$1,636,945.

Among the most recent permits are the following:

A. N. Cline, 5 rooms, 634 North Isabel street	4,000
Eva Harshman, 5 rooms and garage, 714 East Elk street	4,000
T. M. Carlisle, 5 rooms and garage, 621 West Myrtle	3,750
C. Howland, 3 rooms, 1750 Verdugo road	3,500
O. Hilding, 3 rooms, 125 North Olive street	3,000
Oliver P. Litzberg, 4 room duplex, 408 West California avenue	2,400
Oliver P. Litzberg, 4 room duplex, 410 West California avenue	2,400
V. Montgomery, 3 rooms, 508 East Windsor road	2,000
Wallace E. Marston, 3 rms., 1130 Linden street	2,000
A. F. Purvey, 3 rooms, 612 West Lexington drive	1,807
A. T. Shassere, 4 rooms, 1028 Justin street	1,500
William Hooper, shed, 218 East Broadway	1,000
M. P. Brown, 3 rms., 247 1/2 North Verdugo Rd	500
E. N. Estep, 3 rooms, 1933 Glenwood road	400
A. Horn, alterations, 431 West Broadway	400
E. B. Keller, garage house, 110 North Belmont street	300
O. G. Yarborough, garage, 220 South Sycamore Canyon road	250
A. E. Prickett, garage, 1822 South Cardena avenue	250
S. N. Brown, addition to garage, 409 South Glendale	200
Samuel Thurston, porch addition, 1229 East Orange Grove avenue	200
E. E. Smith, garage, 1022 North Louise street	200
J. M. Troller, garage, 1110 North Maryland avenue	150
G. H. Hoffman, addition, 549 Fairmont street	125

Eight-Wheeled Motor Bus Displayed Here

An eight-wheeled motor bus was the object of much interest today. This was brought to Glendale at the invitation of C. D. Gulick, municipal bus expert, by the R. Fagol Company of Oakland.

According to Mr. Gulick, the original bus of this type was manufactured at his suggestion when he was manager of an auto bus company in Central California. He asserts that the oscillation of the forward and rear trucks due to the unevenness of the road is much less noticeable to passengers on the busses with the four extra wheels.

GO ON VISIT TO MISSOURI

Mr. and Mrs. N. M. White of 311 North Jackson street, parents of Mrs. W. C. Winkler of that address, left today on a six weeks' trip to Missouri.

FINAL AWARDS FOR MEMORY CONTEST ARE ANNOUNCED

Long List of Prize Winners
Given Out at Meeting of
Glendale Music Club

At the regular concert and meeting last night of the Glendale Music club at the high school auditorium, the final awards were made in the music memory contest which was recently conducted in Glendale and tests for which were made on March 25. Mrs. Mattison B. Jones, president of the club and who sponsored the contest, stated that the large number of perfect answers which had been turned in at the time so far exceeded expectations that it was impossible to give each a cash prize.

However, it had been decided that there would be a \$5 cash prize to one of the pupils from the high school, one from the intermediate school and one from the fifth or sixth grade. This necessitated a drawing so as to decide to whom the prizes would be given. This was the one big interest of the 150 children and more than 400 grownups who were present to witness the awarding of the prizes, and which resulted in the choice of Barbara Gilman of the B6 grade; Bernice Collins of the 8th grade; and Lois Campbell of the A9 grade.

It was also the desire of the music memory contest committee, of which Mrs. Dora Gibson was chairman, that each child who had made 100 per cent in the tests should have some souvenir of the occasion. Mrs. Jones then called on Mrs. Gibson, Miss Breneman and Miss Annie McIntyre to read the lists of pupils from the various schools who had successfully competed in the contest and they were given silver pins in the shape of a lyre with the letters M. M. C. engraved, for "Music Memory Contest."

Scholarships Awarded
Mrs. Jones announced that in addition to the cash prizes and pins which had been given that there had been scholarships donated by Mrs. Shank, who has offered a six months' scholarship in voice training; Mrs. Pearl Curry, who has offered six months' scholarship in piano; and Mr. Hullinger, who has offered a scholarship in flute playing. She also stated that the money for the cash prizes and the pins had (Continued on Page 10)

W. C. T. U. Will Hold Social Monday Night

At the regular meeting of the Glendale W. C. T. U., which was held yesterday at the parlors of the First Baptist church, with the vice president, Mrs. Edith Dockery, in the chair, the members of the executive board submitted names of the church vice presidents and superintendents of departments, which were accepted by the members of the union. After the usual opening exercises the social committee reported regarding the public meeting and social time to be held Monday night at the Harrower laboratory on East Broadway, and stated that a splendid musical program is also being arranged for that time. Mr. and Mrs. Harry Girard and Mayor Spencer Robinson are among the artists who will appear at that time. The members of the local union have also been fortunate in securing as speakers for that time Mrs. Julia D. Phelps, state vice president, and Mrs. Hattie C. Young, state recording secretary. During the social hour on that night the public will be given an opportunity of a tour of inspection through the laboratory.

The names submitted by the executive board, which were accepted by the union members, were as follows: Church vice presidents—Adventist, Mrs. I. A. Ford; Baptist, Mrs. Katherine Rowe; Christian, Mrs. C. W. Bacon; Congregational, Mrs. Inez Sipple; First Methodist, Mrs. T. L. Brown; West Glendale Methodist, Mrs. Harley G. Preston; First Presbyterian, Mrs. J. E. Colvin; Tropico Presbyterian, Mrs. Lucius Richardson; Lutheran, Mrs. Ida Elfstrom. Superintendents of departments—Anti-narcotic, Mrs. I. A. Ford; Child Welfare, Mrs. Flora King; Christian Citizenship, Mrs. E. D. Potter; Cooperation with Women's Clubs, Mrs. J. R. White; Evangelistic, Mrs. Della Dick, honorary, Mrs. P. E. Keim and Mrs. H. E. Loveless; Flower Mission, West Glendale, Mrs. Edith Glasse; East Glendale, Mrs. Flora Lemon; Legislation, Mrs. Annie Sipple; Medical Temperance, Mrs. Katherine Rowe; Music, Mrs. Lucius Richardson; Parliamentary Law, Mrs. Elizabeth Hall; Publicity, Mrs. Fannie Rumble; Sunday School, Mrs. Marie Gifford; Social, Miss Sophie Goff; T. L. Brown and Mrs. E. J. Pettit; Social Morality, Mrs. Logie; Southern California Home, Mrs. Nanna Palmer; Scientific Temperance, Mrs. C. A. Brandstater; Union Signal, Mrs. Florence Smith; Temperance and Missions, Mrs. C. A. Creel.

The meetings of the Glendale W. C. T. U. throughout the summer will be held the first and third Friday of each month at the parlors of the Baptist church.

G. A. SHIELDS TO LEAVE

G. A. Shields, who has been spending a few months in Glendale, is leaving for his home in Columbus, Ohio. He expects to stop off in Texas. Mr. Shields is inventor of a new process of making glass and intends to commercialize it.

MANY FOLK FROM STAGE AND SCREEN LIVE IN GLENDALE

James Neill Prepares Roster
of Those Who Have Their
Homes in This City

For the last decade Glendale has been known to the theatrical and film folk as one of the nicest places in America where professional people may reside in peace and quiet while the rest of the world rolls by. James Neill, one of the pioneers, has prepared a roster of the more or less prominent satellites on stage and screen. Besides the personnel of the local theatres, he lists the following:

Mr. and Mrs. Robert Bradbury and twin sons, 804 East Acacia avenue.

Will M. Chapman and daughter, 335 West Doran street.

Mr. and Mrs. Charles F. Carrere (Edith Cooper), 439 West Elk avenue.

Dr. and Mrs. R. E. Chase (Virginia Edwards), 237 North Orange street.

Mr. and Mrs. Joseph De Grasse (Ida May Parks), 213 West Windsor road.

Mr. and Mrs. A. T. Dobson, 809 Melrose avenue.

Mr. and Mrs. Alfred Fisher, 375 West Salem.

Mr. and Mrs. Al W. Fremont, 1546 Lorraine street.

Mr. and Mrs. Jack Gardner (Louise Dresser), 1225 Mountain street.

Mr. and Mrs. Harry Girard (Agnes Cain Brown), 245 South Orange street.

Mrs. Dora Glazier and son, Harry, 320 East Lomita avenue.

Mr. and Mrs. Neal Harper, East Boynton street.

Mr. and Mrs. James W. Horne (Cleo Ridgeley), 1445 Valley View road.

Mr. and Mrs. Edmund Kull, 311 West Colorado street.

Mr. and Mrs. George Larkin (Ollie Kirkby), 1417 South Brand boulevard.

Mr. and Mrs. Willard Louis, 1437 Valley View road.

Mr. and Mrs. Thomas Lingham, 201 East Acacia avenue.

Harry Farnsworth MacPherson, Elks' Club.

Mr. and Mrs. James Neill (Edythe Chapman), 126 West Lomita avenue.

Edwin H. Neill, 126 West Lomita avenue.

Mr. and Mrs. Landers Stevens (George Cooper), 604 North Louise street.

Mrs. Fanny Stockbridge, Victor Hotel.

Mr. and Mrs. Lawrence Underwood, 212 South Everett street.

Mr. and Mrs. Gilmore Walker, 1336 North Columbus avenue.

Mrs. William Herman West, 327 Hawthorne street.

Mr. and Mrs. William T. Wallace (George Woodthorpe), 911 Melrose avenue.

Other Artists Here
In addition to this list there are numerous entertainers residing here and a few of the names that come to mind include M. Paul Jones and members of his Dixie Trio; Mr. and Mrs. Keamoku Lewis, and Mr. and Mrs. Arthur Wells.

Then there are internationally famed artists in any number who have made Glendale their home. A few of the names often seen in print include John Marquardt, Brahman den Berg, Mr. and Mrs. A. Lowinsky, Elsa Breidt, Paul Carson, Gertrude Cleophas—and many others, probably who keep their fame under a bushel while resting here.

Mrs. Jesse Joseph Is Drama Section Hostess

The members of the drama section of the Tuesday Afternoon club, of which Mrs. R. E. Chase is curator, were entertained yesterday afternoon at the home of Mrs. Jesse Joseph, 317 West Lexington Drive. At that time the cast was selected for "Every Youth," a modern morality play which the section will give as a club program on May 16. The matter as to what the members of the section will do and will give at the Society Circus to be given by the club the latter part of May was also discussed. A brief review of the new play, "Will Shakespeare," by Clarence Bane, was given by Mrs. R. E. Chase. A very beautiful reading of "The Sin of David," by Stephen Phillips, was given by the members of the section. After the program, delicious refreshments were served. Those present included Mrs. L. G. Sherman, Mrs. Alma Gibbs, Mrs. Charles H. Temple, Mrs. Albert Pearce, Mrs. R. K. Snow, Mrs. F. G. Abbey, Mrs. Malvern Barker, Mrs. E. A. Bode, Mrs. Colin Cable, Mrs. Ben Cline, Mrs. R. L. Galvin, Mrs. A. P. Findlay, Mrs. Roy L. Kent, Mrs. Harry Lockwood, Mrs. W. F. Nash, Mrs. C. J. Newcomb, Mrs. Charles A. Parker, Mrs. Mabel F. Ocker, Mrs. Harry C. Wilcox, Mrs. Warren Roberts, Mrs. Childers, Mrs. R. E. Chase and Mrs. Jesse Joseph.

Mrs. Chase is in receipt of a letter from Mrs. H. LaSalle Aldrich, press chairman of the Santa Monica Women's club, complimenting the members of the cast and Mrs. Chase upon their excellent manner in which the one-act plays, given by the members of the drama section, were presented at the district convention which was held recently in Santa Monica. Mrs. Chase is district chairman of drama.

MRS. WACHTER BUYS AUTO

Mrs. Jennie Wachter of 612 North Central avenue has purchased a new four passenger Buick coupe through the agency of Tanner & Hall. The closed cars are proving quite popular with women drivers, according to Mr. Tanner.

LOCAL LEGION AND GUESTS ARE GIVEN RADIO PROGRAM

Musical Selections Are Enjoyed
by Crowd; Harry F. Atwood
Talks on Constitution

A capacity audience of several hundred people crowded their way into the American Legion hall last night where they enjoyed listening to a program given in Los Angeles and transmitted to Glendale via radio. The entertainment was made possible through the courtesy of the J. A. Newton Electric company, the magnavox and various other equipment being furnished for the occasion by J. A. Newton.

Chester E. Weaver, a member of the Glendale Post and also an employee of the Newton Electric company, was in charge of installing and arranging the affair.

The first part of the "long distance" program, which was heard shortly after 8 o'clock, consisted of a number of excellently conducted orchestral, instrumental and vocal selections rendered by artists at a theatre in Los Angeles. Several numbers were also received which were played on a phonograph and player piano. All of the numbers were clearly and distinctly heard with the exception of the numerous announcements which were less consistently received through the apparatus.

Gives Short Lecture

Several minutes after 9 o'clock an announcement was made that Dr. S. Murphy, special lecturer in psychology who speaks twice each week at the theater, would render a "short address on criminology" to be sent especially to the American Legion post at Glendale, California. The lecture, which lasted about fifteen minutes, told of the various types and mentalities of criminals, their habits and idiosyncrasies and a review of the many reformatory movements which are being instigated in all parts of the country.

An announcement was then made that the wave length, which had heretofore been given at 360 meters, was altered to 510 meters. The radio program was concluded by several musical selections.

Following the program, Justice of (Continued on Page 2).

Today's World News In Brief (By International News Service to Glendale Evening News)

MURDERS WIFE AND SEVEN CHILDREN, THEN ESCAPES

PARIS, April 8.—In a fit of madness today, Emil Sasang, at Strasbourg, murdered his wife, and seven children all under 11 years of age. Sasang fled towards the Swiss frontier after the murders.

BRIDGE OVER ILLINOIS RIVER IS CLOSED TO TRAFFIC

PEKING, Ill., April 8.—The huge Pekin bridge spanning the Illinois river and which connects Tazewell and Peoria counties on the state road, was closed to traffic today when the water reached the floor of the structure. Lands in this vicinity were flooded.

L. A. OIL STATION ROBBED WHILE HUNDREDS GO BY

LOS ANGELES, April 8.—One of the boldest daylight holdups executed here during the winter months was staged early today at North Broadway and Pasadena avenue, when a lone bandit held up and robbed a Puente oil station attendant of \$150 in money while hundreds of autoists were passing the place, according to the police.

ADMITS GETTING \$1000 FOR QUALIFYING AS JUROR

CHICAGO, April 8.—Henry John Smith, a member of the jury which acquitted Simon O'Donnell, Chicago labor leader, in a recent trial on criminal charges, confessed today to the state's attorney that he received \$1000 for qualifying as a juror and bringing in a verdict of not guilty. Smith named several men in connection with the bribery plot.

FARES ON CHICAGO SURFACE LINES ARE CUT 2 CENTS

CHICAGO, April 8.—Fares on Chicago surface lines were ordered reduced from 8 cents to 6 cents—a cut of 2 cents—by the Illinois commerce commission today. The reduction is effective May 1 and will continue until January 1, 1923, as an experimental measure to determine if car lines can operate at a profit on that basis. No additional charge is to be made for transfers.

STORMS IN TEXAS AND OKLAHOMA KILL OVER SCORE

DALLAS, Texas, April 8.—Heavy winds of cyclonic velocity, and rainstorms swept northern Texas and southern Oklahoma early today, causing the death of about twenty-five persons and immense property loss, according to meager reports received here. Tornadoes were reported at Cisco, where Mrs. R. W. Turner was probably fatally injured and one other woman is in a serious condition; at Ardmore and Lawton, Oklahoma, where it was reported fourteen persons lost their lives; Wichita Falls, Ranger and other northern Texas towns reported heavy damage. One man was injured, three houses blown down and a portion of the Catholic church demolished at Ranger. Ballinger, Texas, reported six people killed, and Dothan, in Eastland county, reported a cloudburst. The Millings sanitarium at Cisco was completely wrecked but no loss of life is reported. Five persons were killed at Rowena. The left field wall of the Marine baseball park in Dallas was blown down and part of the roof of the grand stand ripped off. Brownwood reported a cyclone near Rowena, Runnels county, and fourteen persons killed and much property damage.

AUTO BUS SITUATION SUBJECT OF DISCUSSION AT MASS MEETING IN HIGH SCHOOL AUDITORIUM TONIGHT

City Officials Are
Not Satisfied With
L. A. Board Verdict

Neither Mayor Spencer Robinson nor City Manager W. H. Reeves are satisfied with the recent refusal of the Los Angeles Board of Public Utilities to grant Glendale's application for a bus permit.

"We have been unable, to date, to discover any statute or law of the state of California or the city of Los Angeles which would justify their stand that the policy of the people is for monopolies either regulated or otherwise," stated Mayor Robinson. "The contrary seems to be the case as witnessed by the various anti-trust laws which have been passed by Congress and by the state legislatures. Yet, as was so well pointed out by former Mayor Porter of Riverside, our public servants seem to continue to render the great majority of their decisions in favor of corporation monopoly."

"The permit for the operation of our proposed bus line within the city limits of Los Angeles was denied by the unanimous vote of the three members of the Board of Public Utilities. On a smaller scale, they adopted the idea of the state railroad commission which has made the latter body one of the most unpopular in our commonwealth by contending that the so-called rights of the present street car monopolies must at all hazards be protected."

Mr. Reeves asserted that he had not been surprised at the decision of the board as he had become convinced at its first hearing that two of the three members were openly hostile. When asked his opinion of the feasibility of carrying the procedure further, Mr. Reeves commented upon the fact that a man would not sink in mid-ocean because he could not clamper into a fully-equipped steamship, but that he would be satisfied with a raft or only a life-preserver. He stated that at least three methods of circumventing the action of the Board of Public Utilities were under discussion by the city council.

"I told him that I could mention half the names without asking," remarked Mr. Davis. "I will give any man the privilege of being against the bus line, but let him be a clean fighter and come out in the open and not sneak around in the dark."

PEOPLE TO DECIDE NEXT ACTION FOR MUNICIPALITY

'We Are Not Going to Quit,'
Declaration Coming From
Councilman S. A. Davis

Mass meeting tonight at the high school auditorium to discuss the bus situation.

"If the citizens of Glendale want a bus line to Los Angeles, they had better appear and make their wants known to the city council," asserted C. D. Gulick, municipal bus expert. "It is a certainty that the enemies of the proposition will surely be there."

The speaker of the occasion will be W. D. Platt of Los Angeles, secretary and manager of the Motor Carriers' Association of California.

Mr. Platt is now occupying the position formerly held by Mr. Gulick, who guarantees that his speech will be packed with facts and figures worth hearing in regard to the operation of bus lines.

"We are not going to quit," commented Councilman S. A. Davis upon his return from the session of the Los Angeles Board of Public Utilities at which Glendale's application for a bus permit was denied.

Officials Have Hope

Although the application for a permit to traverse the streets of Los Angeles has been denied by the Los Angeles Board of Public Utilities, the city administration has not abandoned hope.

"There are a number of things which can be done," stated Mr. Gulick. "But I don't think it is advisable to tell the Pacific Electric about them yet. They have used everything which we have said as propaganda to defeat the cause."

"The citizens of Glendale, who want this bus line, should be at this mass meeting. We are going to give them an opportunity to convey their views to the city council."

Radio Demonstration

A brief demonstration of radio is planned in the auditorium of Glendale Union High school tonight by V. R. Mitchell of Los Angeles in connection with his address on "Modern Methods of Sewage Disposal."

Mr. Platt, the secretary and manager of the State Motor Carriers' association, will be the only other speaker of the evening.

Mr. and Mrs. Harry Girard will sing. V. M. Hollister, president of the Chamber of Commerce, will deliver the address of welcome and Mayor Spencer Robinson will preside.

Officials Have Hope

LOCAL LEGION AND GUESTS ARE GIVEN RADIO PROGRAM

Musical Selections Are Enjoyed by Crowd; Harry F. Atwood Talks on Constitution

(Continued from Page 1)

The Peace Owen C. Emery, who is a member of the local Legion Post, was called upon to introduce the "true" speaker of the evening, who was Harry F. Atwood of Chicago, former United States district attorney. Mr. Atwood, who is nationally known as an expert on the constitution of the United States, is the author of "Back to the Republic," "Safeguarding the American Public" and several other authoritative works along that line. His subject last night was on "The Constitution of the United States."

Greatest Achievement.

The speaker characterized the constitution as "the greatest human achievement since creation," stating that the principles and motives designed in that most famous document were "greater than the scale of music, the ten digits or any other factor which has advanced the progress of civilization since the year one."

In discussing the meaning of the constitution, Mr. Atwood stated that but a small percentage of American citizens are sufficiently familiar with its contents, which if read by the people of all nations, would soon "solve the difficult problems of today." The agitation and unrest which, he stated, had been more or less prevalent throughout the country during recent years, was directly attributed to "attempted questioning and altering of the constitution."

In the latter part of his address, Mr. Atwood contrasted the meanings of the words "republic" and "democracy." He stated that the word "democracy" is fast becoming synonymous with "bolshevism," and "that the republican form of government, which made our country foremost in the nations of the world, should replace the so-called 'democratic' form."

Grey Property Goes on Sale As Subdivision

Marking the second venture of his firm since he returned to the real estate field in Glendale, J. Harvey McCarthy, the veteran subdivision developer of Los Angeles tomorrow will open a new residential tract lying between Doran street and Patterson avenue, opposite the new municipal Patterson park. This property—the well-known Grey tract—has long been looked upon by local realty operators as one of the choicest pieces of home-site land yet undeveloped in Glendale. It is said to be the last of the available close-in acreage suitable for residential purposes. Mr. McCarthy has named it Roland Square.

It is the design of Mr. McCarthy, he states, to make Roland Square a worthy successor to the twenty-six other residential tracts he has promoted, and to include in the improvements installed everything possible for the comfort and convenience of his clients. The streets are to be wide and constructed with a fine permanent surface. Curbs and paved sidewalks, gas, water and electricity will all be included. And, along the streets, beautiful shade trees are to be planted.

A unique offer made by Mr. McCarthy is to install, free of charge, in full working order, a fine, up-to-date, latest type radio set, in the first erected and occupied home in Roland Square. The installation is to be made by the Western Radio Electric company, whose instruments are dearest to be among the best made. Roland Square will have the distinction of being the first subdivision in America to be so equipped, it is believed.

The new tract adjoins the Glendale Place development which Mr. McCarthy promoted some fifteen years ago, and which is now one of the best types of small-home sections in southern California. Situated as it is with one frontage on Doran street, one of this city's two main outlets to the San Fernando valley and on the opposite side on Patterson avenue—across from the new municipal park—which is to be shortly cut through to San Fernando boulevard, Roland Square is looked upon as being unusually favorably located. Schools, stores, transportation are all close at hand. Children can attend the Columbus Avenue Grammar school, which is only three blocks away.

The skeleton of an average whale weighs twenty-five tons.

Comedy Magic Act Heads Vaudeville Bill

Sebastian Merrill & Company, in their own original comedy magic of fering, head the new vaudeville which is offered at the Glendale Theatre today. Mr. Merrill has called his offering "Hokumized Antics," in which he features his famous burlesque on sawing a woman in half. This offering in its entirety should prove a solid laughing hit.

Austin and Russell, presenting character studies and comedy chatter, will be another bright spot on this bill. Manning and Ball, in a cycle of character comedy songs, and Perrell, the well known shadow-graphist, will add materially to the quality of this bill. Zellner and Hal-loway round out the variety with an offering that abounds with novelty and speed.

"The Milky Way," starring the ever-enjoyable, boyish David Butler, is the film attraction. David is cast as a country boy who was anxious to get away from a milk job, but milk proves to be his destiny, for he wins a pretty girl as a bride and becomes general manager of a big milk company.

Alice Brady in "Dawn of the East," a Reelart production, is the feature for Sunday and Monday shows. Most of the scenes are laid in China, and the picture is one of the most gorgeous as well as gripping dramas in which the star has ever been seen. Lee Moran also will be seen in "The Strap Hanger," while Bemont and Krake will play the violin and harp at Sunday night's recital.

Everywhere they're drinking Fru-Ber-ree, that fruity, winery beverage produced by the makers of Sierra Club products here.—Adv. 4-8

Announcements of Services in Local Churches

PRESBYTERIAN

"The Church of the Lighted Cross." Rev. W. E. Edmonds, pastor. Rev. Louis Tinning, assistant pastor. On Sabbath morning at 11 o'clock the pastor, Mr. Edmonds, will preach, using as his subject, "What Good is the Church?" Text, 1 Tim. 3:15. "That thou mightest know how thou oughtest to behave thyself in the house of God, which is the church of the living God, the pillar and bulwark of the truth." (Dedicated to the board of elders). Organ recital at 7:15 p. m. Evening service at 7:30 o'clock. Sermon subject, "Heart Force." (Give me any plague but the plague of the heart). Text, Prov. 4:23. "Keep thy heart with all diligence."

Sunday school at 9:30 a. m. with classes for all ages. H. L. Finlay, superintendent. Men's Bible class meets in the city hall at the same hour. Teacher, Keith L. Brooks. All men are welcome. At the morning service ruling elders will be ordained and installed. The following musical program has been arranged for the Sabbath, under the direction of Mrs. Fannie Marple Retts, with Miss Carolyn G. Bailey at the organ: Morning—Prelude, (a) "Chorus of Praise"; (b) "Gloria in Excelsis" (Lemmens); anthem, "Hosanna" (Gounod-Wilson); Mrs. Helen Graham Cole, soprano; Mrs. Fannie Marple Retts, contralto; J. Malcolmson Huddy, tenor; C. Clifford Riggs, baritone; offertory, contralto solo, "Palm Branches" (Faure); Mrs. Fannie Marple Retts, quartet, "Behold Thy King Cometh" (Parker); postlude, "Triumphal March" (Dolby).

Evening—Organ recital, 7:15; (a) "Prelude" (Chopin); (b) "Jubilate Deo" (Silver); (c) "Palm Branches" (Faure); quartet, "Jesus Shall Reign" (McPhail); tenor solo, "My Redeemer and My Lord" (Dudley Buck); J. Malcolmson Huddy, offertory, "Andantino" (Schumann); cornet solo, "The Palms" (Faure); Eldon E. Bengie, quartet, "Praises to Our King" (Porter); postlude, "Marche Jubilante" (Ryley).

CENTRAL AVENUE METHODIST

The 100 per cent family church. South Central at Palmer. V. Hunter Brink, D. D., pastor. Residence, 1124 South Central avenue. Mrs. Harry McNeill, musical director. Mrs. Casper Tuttle, pianist. James L. Brown, Sunday school superintendent. Program for Palm Sunday, 9:30 a. m., the church school, classes for all. Enrollment and decision day, 11 a. m., public service.

Parents who desire to have their children christened will present them at this service. Piano prelude "Credo" (Hayden); offertory, "Pastorale" (Lichner); anthem, "Be Joyful in the Lord" (Wilson); solo, "The Palms" (Mrs. Harry McNeill). Sermon by pastor, "The Day of Triumph." Postlude, "Epworth League." 6:30 p. m. Epworth League, Mrs. E. M. Towle, leader. 7:30 p. m. evening worship. Piano prelude, "Aria" (Mendelssohn); offertory, "Prayer" (Spohr); anthem, "Now the Day is Over" (Wilson); male quartet (Selected), Mr. McMillen, Mr. Tuttle, Mr. Eighmy, Mr. Taylor. Sermon by pastor, "When the Light Goes Out." Postlude, "March" (Rencik).

FIRST METHODIST CHURCH

Corner Wilson and Kenwood. Rev. Clyde Monroe Crist, D. D., pastor. Carl C. Seiter, A. B., director of religious education. Church school (graded), 9:30. Prof. A. W. Tower, superintendent. The school is thoroughly organized and efficiently managed. At 11 there will be the baptism of infants and small children, the reception of members and the observance of the Holy Communion. The Palm Sunday spirit will pervade the whole service. 6:15. Young People's meetings: 6:30, Unit Leaders' meeting; 7:30, evangelistic service. This church extends a most hearty welcome to all who have expressed a preference for it in the recent Home Visitation. Easter Sunday there will be a great reception of members. Sunday's music: Morning—Palm Branches (Faure); anthem, "Jerusalem" (Macy); solo, "I Do Not Ask, O Lord" (Sprass). Frank Butterfield; violin obligato, Miss Murphy; "Hosanna" (Wachs). Evening—"Song of Joy" (Fryberger); baritone horn solo, "Calvary" (Rodney); Cecil Percy; anthem, "Hail to the Lord's Anointed" (Hahn); Whistling solo, "The Palms" (Faure). Miss Isgrig; Fanfare (Dubois). This is a friendly church and "seems like home."

FIRST BAPTIST

Ernest E. Ford, pastor. Special meetings every night next week excepting Saturday, closing with Easter Sunday. Members are growing in attendance and interest. Sunday services as usual. Sunday school at 9:30. Roy L. Kent, Supt. Public worship at 11. Sermon by Dr. Holmes from the theme, "A Restoring God." It will be "Decision Day" in the Sunday school and church service. The senior and intermediate Young People will meet at 6:30 in union service with Dr. Holmes leading. All young people are cordially invited. Evangelistic service at 7:30. Live song service to open; special songs by Professor Stout and sermon by Dr. Holmes from the theme, "Sign Here." The general plan of last week will be followed for this last week of the meetings. Monday, "Special Effort Night"; Tuesday, "Other Churches"; Wednesday, "Men's Night"; Thursday, "Women's Night"; Friday, "Young People's and Children's Night." Everybody invited for every night.

CASA VERDE METHODIST EPISCOPAL CHURCH

Corner of Park and North Central avenues, Rev. L. C. Livingston, pastor. Pastor's residence, 1293 North Central avenue. The pastor's subjects for the services of the day, Sunday, April 9, will be: for the morning, "Men Who Have Iron in Their Blood," and for the evening, "A Little Man Who Was Big."

At the morning service the young ladies' glee club, of the Intermediate school, a chorus of some twenty voices, will sing the special numbers. Among others they will render "Morning Prayer" by Randegger; "Anvil Chorus" by Verdi; "King of Kings" by Schuman; "Peace" by Kirkebat.

Epworth League at 6:30 p. m. Subject, "Behold Thy King." Mr. George Tyrrell, leader. Miss E. Maud Soper will also give her fourth address in the review of Harry Emerson Fosdick's "Master Man," the subject being "The Master's Endurance." Sunday school at 9:45 a. m. If you are interested in the religious uplift of the community you live in it is worth your while to find a place and part in the activities of this rapidly growing work. Follow North Central avenue to "the church of the flaming cross."

ST. MARK'S EPISCOPAL
Corner Louise and Harvard streets. The Rev. George W. Cornell, D.D., officiating. Church school, 9:45 a. m. Morning prayer and sermon, 11 o'clock. Holy communion, first Sundays. A cordial invitation is extended to all.

TROPICO PRESBYTERIAN
Corner Central avenue and Laurel street. Rev. James F. Winnard, minister. Sunday services mark the beginning of the new pastorate. At the morning service Dr. Winnard will speak from the text, "In the name of our God we set up our banners." Ps. 20:5. At the evening service at 7:30 he will use as a topic, "Hearing of Jesus, or hearing Him." A cordial welcome for all who will worship with us. The Sabbath school meets at 9:45 and Y. P. S. C. R. at 6:30.

HOLY FAMILY CATHOLIC
Elk avenue and Louise street. Rev. James S. O'Neill, parish priest. Sermon in English. Mass at 7:30 a. m. Sunday school at 9 a. m. Mass at 9:30 a. m. Everybody welcome.

ENGLISH LUTHERAN MISSION
(Missouri Synod). Service Sunday afternoon at 3 o'clock. Chapel on Palmer avenue near Central. Sermon: "Footprints of the Love of Christ." Arth. E. Michel, pastor.

CONGREGATIONAL
Central and Wilson. Rev. C. M. Calderwood, pastor. Mrs. C. A. Parker, director of music. 9:45, church school. O. E. Von Oven, superintendent; 11, morning worship, sermon, "Church Creeds." Prelude, Andante, (Tschalkowsky); anthem, "God So Loved the World" (Stainer); soprano and baritone duet. (Continued on Page 9)

EVENING NEWS AUTOMOBILE SECTION

PUBLISHED
EVERY
SATURDAY

BIG BEAR VALLEY'S ROADS OPEN FOR FISHING SEASON

Storms Do Heavy Damage,
Say Reports, but Repairs
Are Being Rushed

To motorists, as well as those who take pleasure in fishing, good news will be conveyed in the announcement made by the San Bernardino county highway commissioner that all roads to Big Bear Valley will be in good shape by May 1, the opening of the fishing season.

It was stated that if there is no long continued spell of rainy weather this can be accomplished, although it is quite a program that has been laid out for the department during the next month.

The work on the Mill Creek road is now under way. The new rock crusher is in full operation and this crushed rock is being used not only for paving the road, but also for making repairs in many places on the Bear Valley road.

It is asserted that the City Creek and Crest routes are badly washed but can be put in good shape within two or three weeks.

Touring Bug Bites Many Owners of Cars

Proof that auto owners in Southern California will stop at nothing when it comes to touring is shown in news of the activity of the car-forwarding department of the Automobile Club of Southern California just received.

Bitten by the touring bug which thrives in this section as nowhere else in America, motorists are shipping their cars this season to the four corners of the globe—and motorists from the four corners of the globe are shipping their cars here for touring purposes.

Groups of motorists at the present time are shipping cars from Southern California to Manila, France, England and Honolulu. Other shipments from the Auto club are being made to Mexico, Rotterdam and Japan.

This club service, which is free to members and visitors in the south, is also bringing in large numbers of machines from New York and foreign lands. Private touring parties are also bringing in numerous cars from northern points, notably Seattle and Portland.

Motorists who desire to ship their machines to other countries are advised to get in touch with the nearest club office for information at this time in regard to carload lots of autos which are leaving within a few days, as cheaper rates in this way are available.

By this "clubbing together" method autoists are able to save large sums of money. It is also increasing the number of visitors in Southern California and greatly increases the general prosperity of the southern counties of the state. Shipments by sea as well as by land, of course, are very popular at this time.

Lure of Open Road

NOW THAT THE SPRING of the year is here and the hills and dales lure the motorist to the open road, to the mountain highways and the seashore drives, there comes that longing for snappy, sturdy cars of the latest model, or—

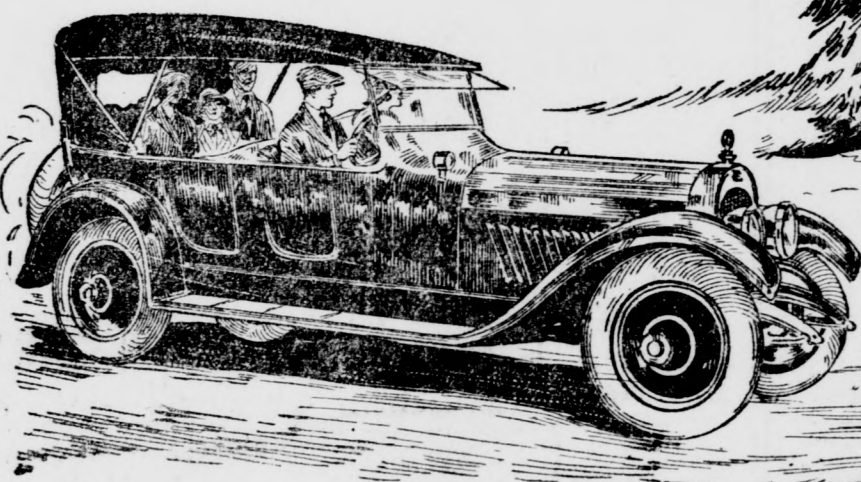

If the exchequer does not permit, there is a possibility that a thorough overhauling and a new paint job will make the old car last another season.

However, a young man's fancy turns to the sportier models while father will want a touring car for a vacation trip in the good old summer time that is ahead. Either can be found at the motor marts right here in Glendale and it looks as though the demand will be brisker than ever before.

Everyone knows the pleasure to be derived from motoring, yet they do not appreciate the fact that prices have practically reached rock bottom and there is no better time to buy than right now. Surely few who can afford to drive a car will forego the pleasure.

As was ably pictured in The Glendale Evening News home builders' page last week, the evolution of a successful man is marriage, home, children and a motor car. Certainly the motor car is an essential to the happiness of a family.

Just stroll around the Glendale automobile agencies this evening and see what there is offered this glorious spring time for your comfort and enjoyment in 1922.

STEERING GEAR ALIGNMENT

In adjusting the steering gear for lost motion, great care must be observed lest the parts be set so close together as to bind. After completing the adjustment the gear should be tried through its entire lock, to make sure that the alignment is perfect.

Selfishness causes a large percentage of accidents on the highways.

12,588,949 CARS IN WORLD

According to statistics obtainable, there are in use 12,588,949 motor vehicles throughout the world. Of this number 10,505,660 are in the United States, 497,582 in Great Britain, 463,448 in Canada and 263,146 in France.

The use of ammonia to brighten up the surface of automobile bodies destroys the finish.

SIXTEEN DRIVERS OUSTED IN MONTH

Five Are Suspended and Rest
Lose Licenses Outright As
Result of Violations

Violating various sections of the state motor vehicle act was the cause of sixteen California motorists to lose their licenses during the month of February, according to an announcement made by Charles J. Chenu, director of the motor vehicle department.

Of the sixteen five had their operator's licenses suspended by the courts and eleven lost their licenses outright.

Five who lost their licenses to operate machines in California were convicted of driving while intoxicated, six were convicted of speeding, two of reckless driving and the remainder for other offenses against the law.

GASOLINE FEED LINE

A temporary repair of the gasoline feed line can be readily made. After shutting off the gasoline at the tank, tape is wrapped around the break and for about two inches on each side. A layer of fine copper or other wire is then wound over the tape, making sure that the winding is tight, close and even. Another layer or two of tape is then placed over the wire, after which a few turns of wire are wound over the tape to prevent it from unwrapping.

BRAKE ADJUSTMENTS

There are usually two or three places in the brake assembly where a "take-up" is possible to remove the slack. Each time the brakes are adjusted a different place should be used. The first time, take up the rods at the rear, the next time at the brake-bands, etc.

WHEN TO REGRIND

When a motor has lost its power, lacks compression, pumps oil, fouls its spark plugs, develops a knock or piston slap, and consumes oil and gasoline out of proportion to the service rendered, it is an assured fact that the cylinders need regrinding.

OPENING GREASE CHAMBERS
If the grease does not penetrate through the spring bushings, a heated wire thrust into the hardened grease usually removes the obstacle.

Fru-Ber-ree for the thirst, for punch, for ice cream, for flavoring. It's new and original with the makers of Sierra Club beverages. Advertisement.

ECONOMY RUN TO YOSEMITE VALLEY HOLDS INTEREST

Motoring Public Already Starts
to Discuss Run Which Will
Be Held During May

The Los Angeles to Camp Curry economy run, an event which has assumed an almost national hue, and which is planned for the purpose of gauging approximately the amount of gasoline, lubricating oil and cooling water consumed under normal touring conditions over the different roads of the state, has always been of great interest to motorists.

Automobile dealers and enthusiasts all over the state are evincing considerable interest over preparations that have already been made for the seventh annual economy run from Los Angeles to Camp Curry in the Yosemite Valley, which will take place in May.

Where Romance and Death Walk Together

In an effort to open for motor travel the hitherto unexplored sections of the California desert places, a charting party of the Automobile Club of Southern California is now tracking the trackless wastes of the west.

Romance stalks hand in hand with death in this latest road-making expedition of the Auto club, for the objective of the party will be the last resting place of the "lost Mormons" who endeavored to reach the coast in the pioneer days of '49.

Far to the north of Death Valley the club will seek for the lost wagons of the Mormons which are reported to be lying somewhere in the desert, guarded by the bleached bones of the mules which dragged them across the burning sands. The object of the search will be the establishment of a route into the desert to be known in that section as the "Lost Wagon" trail.

Leaving Southern California, the club party has pushed far into the desert, according to a report just received here, and is at the present time ploughing its way through Death Valley in a resolve to reach the famous Furnace Creek ranch, the last outpost of civilization in this torrid area lying hundreds of feet below sea level.

An operator of an automobile should know much more about the car than how to start and stop it.

Great Increase in Auto Sales During Month of February

The recapitulation of motor car registrations compiled by an automobile publishing company shows a remarkable increase in motor car sales in Southern California for February of 1922, as compared with February of 1921. The total number of cars sold last February in Southern California was 4895, as against 1903 in February, 1921, a gain amounting to 157 per cent.

INDUSTRY SHOWS GREAT PROSPERITY

Large Increase in Output of
Cars, Trucks and Tires,
So Records Display

An increase of more than 200 per cent over the output of the same period in 1921 is evidenced by the 220,000 passenger cars and trucks which were built in the United States during January and February of this year.

The increase in February, 1922, over January, 1922, has more than kept pace with the general industry of the country with a net of 47 per cent.

Approximately 880,000 tires went to the auto industry as original equipment in the first two months of the year, an increase of 200 per cent over the requirements of last year.

CYLINDER HEAD GASKETS

When removing the cylinder head of an engine care should be exercised not to dent or otherwise injure the large gasket. After this gasket has been removed, both sides should be carefully cleaned and then painted with a solution of gum shellac dissolved in alcohol, just before it is returned to its place. In replacing the cylinder head the bolts should be firmly tightened and the engine should run until the metal is thoroughly warm, then the bolts can be given another tightening all around.

DISAPPEARING WINDOWS

With a capacity of 25 passengers, an all-steel motor bus has been designed having windows that can be swung out of sight to leave the sides open in warm weather.

LAST YEAR LICENSE PLATES ON AUTOS CAUSE ARRESTS

State Inspectors Now Look for
Those Who Have Failed
to Comply With Law

Charles J. Chenu, director of the state motor vehicle department has notified all peace officers in the state to enforce law in their communities regarding motorists who have failed to obtain their 1922 motor vehicle license.

He stated that automobile owners who have not the 1922 license or are unable to produce a certificate to show their plates have been lost or application made for same, will be arrested and punished.

Motor vehicle inspectors in charge of Chief Inspector Steve Neale are now checking up on those who still hold the 1921 license plates in the San Joaquin valley and will move to other parts of the state as soon as possible.

Glendale officials say that residents of this city have secured their licenses and that the inspectors will have no work to do here. However, some autoists traveling in this vicinity may have to do lots of explaining.

Only 24 Years Ago First Auto Was Sold

More than 700,000 men and women are today employed in trades which directly serve the production of motor cars.

It has been only twenty-four years since the first motor car startled pedestrians to the curbstones and frightened horses.

The amazing new invention of self-propelled vehicles has been watched with growing marvel and wonder since then.

In these twenty-four years the automobile industry has grown in the United States to a position as the leading industry of the country as regards value of the finished product.

INSPECTION OF WHEELS

Automobile owners, using cars fitted with wire wheels, should inspect the spokes from time to time to see that they do not work loose. If the spokes become loose draw them up until they are tight. Any looseness can be readily determined by the sound of the spoke when struck with some metallic object.

NEVER before has the amazing Knight sleeve-valve motor been available in so fine a car at so low a price. Europe uses the Knight motor in her most famous and expensive cars. Now Willys engineering, Willys quantity production, put it in the reach of all in a car equally famous, but far less costly.

The Motor

The Willys-Knight motor is the highest development of the Knight sliding sleeve-valve principle. It gets more power out of less gas than any other motor of its size and weight. It is free from valve trouble, free from carbon trouble, smooth, quiet, flexible. Scientific tests and driver experience show that it grows more powerful with use. And its life-limit has never yet been ascertained.

The Car

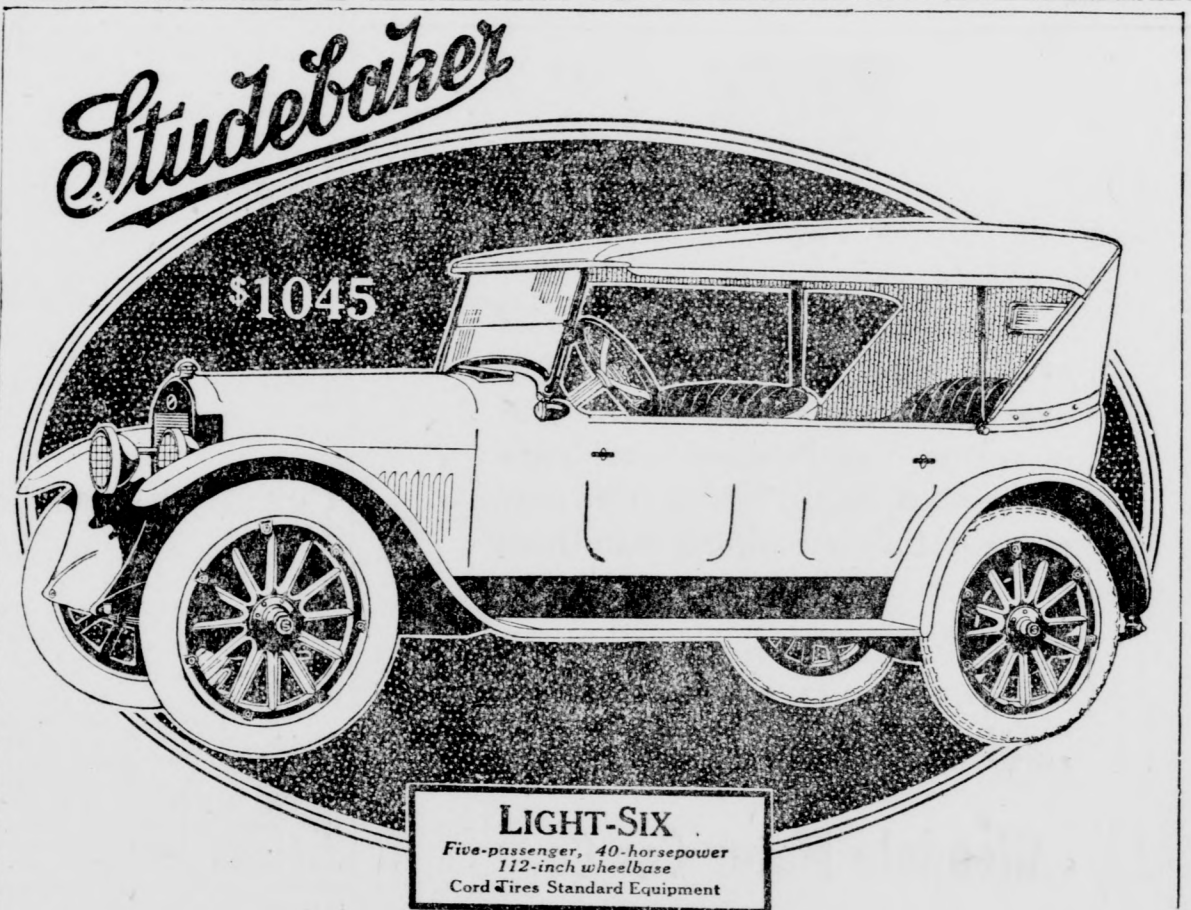

The Willys-Knight Car is especially designed to match the motor in long life and distinction. Graceful, refined, dignified, its sturdy steel chassis beats off jolts and jars and holds the body permanently free from rattles and squeaks. Vigorous springs translate the roll of the road into undulating ease. It is fleet, comfortable, responsible—and a sound investment.

WILLYS-KNIGHT

The Willys-Knight Motor Improves With Use

GEO. T. SMITH

228 So. Brand Blvd. Phone Glen. 1320

THE Studebaker LIGHT-SIX will appeal to every buyer who wants a low-priced car that will be satisfactory in performance, appearance, comfort and endurance.

And in addition to its recognized superiority in these essentials, the LIGHT-SIX carries refinements found only on more expensive cars.

The LIGHT-SIX is equipped with cowl ventilator operated from the instrument board; cowl parking lights; inside and outside door handles and large rectangular plate-glass window in rear curtain. A thief-proof transmission lock, which reduces the rate of insurance to LIGHT-SIX owners 15 to 20 per cent, and cord tires are also standard equipment.

Long, semi-elliptic springs (50-inch in rear; 36-inch in front) and soft, gen-

uine leather upholstered cushions, nine inches deep, provide unusual comfort.

Its 40-horsepower motor delivers ample power for the hard pull. And vibration is practically eliminated by Studebaker's method of machining the crankshaft and connecting rods.

The intrinsic value of the LIGHT-SIX is unmatched at anywhere near the price because Studebaker does not skimp on materials or workmanship but uses the best. It is built complete in the most modern and complete automobile plant in the world, making possible its low price of \$1045, f. o. b. factory.

Studebaker has been building quality vehicles and selling them at fair prices for nearly three-quarters of a century and is the largest builder of six-cylinder cars in the world.

Touring, \$1745; 2-Pass. Roadster, \$1695; 4-Pass. Roadster, \$1745; Coupe, \$2495; Sedan, \$2695. All prices f. o. b. Glendale

C. L. Smith Believes In 'Trade at Home'

"The one thing that I have learned in my mercantile experience is the real meaning of service," stated C. L. Smith, new local automobile merchant, yesterday. "We are going to give service that is different and better than Chevrolet owners have ever experienced before."

The house is now being moved off the lot at Orange Street and Colorado avenue which is to be the location in the near future of the local Chevrolet agency. Plans are now being prepared for the building and as soon as they are completed ground will be broken. Meanwhile, the agency is housed temporarily in the Standard garage, in the rear of 400 East Broadway.

Mr. Smith, who was in the automobile business seventeen years in Los Angeles and is very well known in Los Angeles county, is much pleased with Glendale. He is a firm believer in the trade-at-home movement.

"We make our money in Glendale"

OVERPAID MANY MILLIONS

WASHINGTON, D. C., April 8.—An audit of wartime contracts has shown that the government overpaid army contractors \$45,681,000. It was revealed by Brigadier General H. M. Lord, chief of army finance, before the senate army appropriation committee. General Lord declared the check was not yet completed and that many millions more in discrepancies might be shown. Of the amount owed the government, Lord said, \$26,000,000 was now in process of collection, while \$18,000,000 had been paid back on older claims.

When oiling the car, spring bushings are next in importance to the engine.

Motorists should remember that a car rides on air as much as on the rubber of the tires.

and we expect to spend it here," he remarked, commenting on the fact that the firm has just joined the Chamber of Commerce and established local banking relations. "We believe in reciprocity—mutual co-operation."

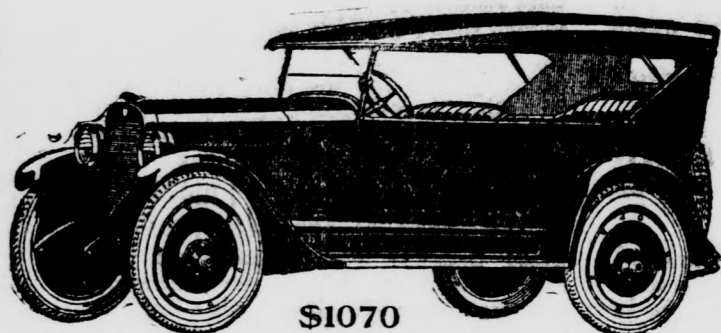

The records which the New Series of the good Maxwell is making everywhere, in saving service and in splendid performance, evidence the sound value which the new organization is building into these fine cars.

Car That Can Talk? Oh, Yes! Motor Talk!

If you would learn the language of the automobile, let your motor talk to you by means of its own private telephone exchange.

It can be done. Every car is equipped with an instrument to transmit its own voice, an instrument as old as automobiles, and as much needed as gasoline.

The gear shifting lever is the telephone on your car. You have probably never used it for any other purpose than changing speeds.

But, according to Lyman P. Clark, of the Glendale Motor Car Company, local Maxwell dealers, this unassuming metal rod serves a much different and equally necessary role in the testing room of the Maxwell plants.

Picture an immense room perhaps 200x250 feet, in a small corner of the space occupied by the Maxwell Motor Corporation in their Detroit factory. There are long lanes of wooden stands on which are mounted several hundred gasoline motors, each running under its own power at a speed that would drive a car about thirty miles per hour. They run this way for hours—eight, ten, sometimes longer. The roar in the brick-walled room is constant and all-enveloping. In here the human voice must be pitched at just the right note even to be distinguished above the motor tumult.

There are inspectors in corps. Each has a certain number of motors to attend. Not all is disclosed to him by what he can see of the motor's work. He depends upon his ears to tell him of smooth running or imperfect action.

According to Mr. Clark, you can hear what the motor in your own car has to say, but he wouldn't advise you to make adjustments thereupon, unless you know the language.

Threaded Rubber Aids In Battery Service

The chief duty of insulation is to keep electricity in the harness, according to Henry M. Kuhn, of the E. W. Cizek Auto Electric company, 300 South Brand boulevard.

"Because battery insulation must protect plates, permit free chemical action and withstand continuous immersion in a strong solution of vitriol, the requirements of battery insulation are very severe," he remarked, calling attention to the fact that threaded rubber insulation is used only in Willard batteries. He asserted that this form of insulation which consists of a multitude of tiny threads embedded in pure rubber, allows free chemical action.

"Threaded rubber insulation does not warp, crack or check and is absolutely uniform in substance. It retains all the valuable insulating properties of rubber yet it is so porous that current passes freely even when hard starting makes an extra heavy demand on the battery."

New Economy Mark Is Set By Dort Car

Once again the economy mark between Bakersfield and Los Angeles has been lowered. Yes, it was done by a Dort, says E. E. Sawyer, who represents the Sunset Motor company here at 308 East Colorado. He considers it remarkable in view of the fact that it is necessary to climb over two grades, twice reaching an altitude of 4,000 feet and when the gasoline consumption registers only one gallon for 38.76 miles it is a fair test of what a car can do in southern California.

The gasoline tank was filled to the neck and sealed before leaving Los Angeles and when the seal was broken at Bakersfield and the tank refilled it took but three gallons and one quart to do the trick and with the distance noted as 126 miles the average as figured by the observers was 38.76 miles on a gallon of gasoline.

Prosperity Is Shown In Automobile Sales

S. C. and D. H. Packer of the Packer Auto Company of Glendale, San Fernando Valley distributors for the Studebaker, were guests recently at the Los Angeles Athletic club at an affair in honor of Harry A. Biggs, vice president and director of sales for the Studebaker Corporation of America.

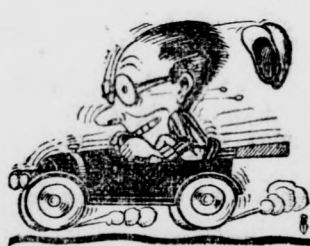

Mr. Biggs hails from South Bend, Ind., where one of the Studebaker factories is located, and he is enjoying an earned vacation in southern California. He is greatly enthused over the possibilities in this vicinity and he promised to come out to Glendale and see the gateway distributing point for his motor cars.

In his talk to the dealers he said that business is being revived all over the country, and that in many places where for nearly two years there has been no motor car business, the demand for cars has become quite brisk. New York is credited by him with doing a most phenomenal business.

Mr. Biggs gave Southern California credit for showing a remarkable increase in percentage of business during 1921 as compared with 1920, as the gain was 86 per cent, while the general gain for Studebaker all over the country was 29 per cent; but this was made while the industry as a whole was only 55 per cent of normal when Henry Ford's production is left out.

An instrument has been invented to test the roundness of automobile cylinders for their entire length, irregularities being shown on a dial.

That fruity, winey tang is found only in Fru-Ber-ree, the new Sierra Club beverage de luxe at soda fountains.—Adv. 4-8

Get that Broken Windshield Fixed in Glendale

We have installed a complete department, carrying the glass which is cut to measure. All sorts of repair work at this garage. Rims, rim parts, tires, tubes and accessories.

Some Reasons Why We Should Have Your Battery Business

1—Experienced, qualified men. 2—Sufficient mechanical equipment. 3—A policy of fair, square dealing. Perhaps to these we should add a fourth:

4—We are Service Station for the

Nor do we wish to slight this fourth reason. It is no easy matter to secure the Philadelphia Storage Battery Co. franchise. And it can only be retained when service to car owners is such as would be expected between a merchant of the highest type and his most exacting customer.

Aside from this, we feel a personal pride in representing this battery, knowing as we do that wherever one is sold a friend is created.

Guaranteed for Two Years

The Philadelphia gives a broad guarantee for two years—which is transferable.

We back up this guarantee by giving you careful service if you'll just drop in occasionally for us to look it over.

Remember, we give service on all makes of batteries.

Battery Recharging and Repairing—Repairing of Generators, Starters, Ignition and Lighting Systems. Gasoline and Oils

Psenner-Doll Auto Electric Co.

Brand and Chestnut St.

Glendale, California

(Old Location, 610 East Broadway)

DORT Sets Economy Record ---Los Angeles to Bakersfield

Lowering every known record for economy for the trip from Los Angeles to Bakersfield by way of the Ridge Road, a Stock Dort touring car averaged 38.76 miles on a gallon of gasoline.

Only 3 gallons and 1 quart of fuel were consumed on the 126-mile run, which twice took the car over mountain grades that exceeded 4000 feet elevation.

81c was the entire fuel cost of the trip, as the oil gauge showed the crank case full when the car arrived in Bakersfield. That's ECONOMY.

We don't claim that the owner of a Dort will get this high mileage, but we know he can do it if he tries. Hundreds of Dorts are averaging more than 22 miles on a gallon every day.

The Dort is an Economy Car in performance and in price—\$1075 for touring car or roadster and the "T" Sedan is only \$1370 and "T" Coupe \$1298, delivered. Come in and see these enclosed car innovations.

SUNSET MOTOR COMPANY

Radio Fans Anxious To Form Club Here

By GEORGE VAN SANDS
Radio Editor, The Evening News
The following are excerpts from several letters received by the Radio Editor in regard to the forming of a radio club in Glendale.

"Such an association would tend to bring together all of those interested in radio to the educational advancement along the lines of radio to all concerned."

"Just the thing for Glendale. Such a club would be a wonderful help to everyone, especially so, to those who are just becoming interested in this most wonderful of modern wonders."

"It would work as a clearing house for the exchange of information, ideas and experiences."

"Not only the educational advantages, but could not there also be a social feature in connection?"

"As a radio fan, I ask you: Did you ever talk to another radio fan without learning something new about it? Your club idea is fine, and count on me for any assistance to get it started."

"Just the very thing to put Glendale on the radio map."

"You are at liberty to use my office to hold your first get together meetings."

"Anything that helps put Glendale in bigger letters on the map, I am for it, and I never have as yet even seen a radio machine. Count on me."

"Let's have a real organization; business men, their wives, the boys and the girls."

Each and everyone of the above ideas have nothing but merit to commend them, and all of these ideas and many more can be incorporated into the forming of such a club that Glendale can well be proud of. Now let's get this thing actually into some sort of preliminary operation. Will all those interested in forming such a club kindly send their names, addresses and telephone numbers, if possible, to the radio editor? I can then get into personal touch with you, a committee can be arranged for so that this club can be put over in the right way.

The radio editor will be very glad to receive for publication in this column any article that might be of interest to the great number of radio enthusiasts in Glendale. Please, if possible, limit your article to 200 words, and send or bring it in to the radio editor at the Evening News office.

First Apartment To Be Radio Equipped

This photograph shows A. I. Weinberger (holding baby), who was called the "Boy Wonder" back in 1910, when he demonstrated his wireless controlled boat in Jackson Park, Chicago, as well as his portable wireless set which he used with the aid of the aerial suspended by kites. At the extreme right is one of his friends, A. E. Gundelach, who boasts of being the first landlord to supply a complete radio equipment with each of his flats without any additional charge. This picture was taken in one of his apartments.

WARNING BY NAVY HEAD

WASHINGTON, April 8.—Charging that propaganda emanating from foreign sources is being used to "undermine the morals of the American navy," Secretary of the Navy Denby has issued an appeal to all ranks in the navy to guard against the "preaching of socialism, communism and anarchy."

In southern India there are many of the famous little trotting bullocks, a breed unsurpassed for swiftness, but quite small. Some of these animals, even when full grown, are no bigger than a large dog.

RADIO EXPLAINED

By E. H. LEWIS
INSTRUCTOR NEW YORK Y. M. C. A. RADIO SCHOOL

OHM'S LAW

The electric current flowing in a circuit depends upon the electrical pressure and the total resistance of the circuit. This is easy to understand when the flow of water in a pipe is considered. Electric current flow is quite similar to that of water. In the case of the water the friction

of the wall of the pipe offers a resistance to the flow of water, depending directly upon its internal diameter. With a given amount of resistant effect the current depends only upon the pressure which is forcing it to flow.

The electric current, resistance and pressure or electromotive force (E. M. F.) are very closely related to and dependent upon each other. The relation is expressed by Ohm's law, which is the first fundamental law of electricity. The law was established many years ago by a physicist named Ohm. It states that the electric current (denoted by "I") equals the electromotive force (which may be denoted by "E") divided by the resistance of the circuit (denoted by "R"). If the current is to be expressed in the unit ampere, or in amperes, the electromotive force must be given in volts and the resistance in ohms.

Expressing this relation in a simple algebraic equation, we have:

$$I \text{ equals } \frac{E}{R}$$

For example, the electromotive force is known to be 10 volts and the resistance 5 ohms. By Ohm's law the current is found to be 2 amperes.

The law may be expressed in another way—that is, the electromotive force equals the current times the resistance (E equals IR.) If the current is known to be 20 amperes and the resistance 5 ohms the electromotive force causing the current of that strength is found to be 100 volts.

If we wish to find the resistance when the current strength and electromotive force are known, we may express Ohm's law as follows: The resistance equals the electromotive force divided by the current

$$R \text{ equals } \frac{E}{I}$$

If the E. M. F. is 10 volts and the current is 5 amperes the resistance is 2 ohms.

Buick Prize Winner Being Shown Here

Its tailored top and maroon body and smartest equipment—

Well, that distinguishes the new Buick special Six-57 roadster, the prize winner of the New York Automobile show, which is now on display at Tanner & Hall's agency here, 237 South Brand boulevard.

Not only dashing in appearance, this new model is fitted with every convenience found on the finest cars at home and abroad, it is said. It is built in response to a consistent demand from those familiar with performance of the roadsters of previous years, a Buick model cherished by each owner to the present day.

Like other Buick cars, this new Special has been designed and manufactured to meet specific motoring requirements. And, like other Buick cars, its well-engineered chassis is the outcome of twenty years' experience and research of the most practical nature.

To demonstrate "the argument," Tanner & Hall have a chassis in operation, in conjunction with their radio concerts, which keeps excitement at fever heat around the Buick agency. Education and entertainment are combined by their selling force, according to W. A. Tanner. Speaking of the new roadster, which is the talk of the town, he said:

"With the correctness of the Buick chassis design, there have been combined the conveniences and appointments dictated by the practice of good taste and discrimination. A refined, spacious, powerful roadster, pleasantly striking in appearance and unusually satisfying in performance, has resulted. In every detail it makes the most of this highly appreciated type of motor car."

Raise your baby on fresh, clean, sweet goat milk. Glendale 1004-M.—Advertisement, 4-8

Questions on Radio and Their Answers

Question—Will you please tell me where in Glendale I can get a look at what you consider a very good four-wire aerial?—B. C. F., Glendale.

Answer—There are a number of very good ones in town that would give you some ideas as to how to construct an aerial. One in the downtown district in particular that I know of is in a battery shop at the southeast corner of Brand and Colorado boulevard. This aerial, as I understand, was taken off a ship whose range was very powerful. While the owner proposes erecting this aerial on the top of the building, it is at present strung just under the ceiling, reaching the entire length of the shop, making it easy for inspection.

Question—In one of your previous articles, you stated that the ordinary telephone receiver wound to 75 ohms could not be used very well on a receiving set. Please tell me if any signals at all can be heard with them.—E. M., Glendale.

Answer—A receiver wound to 75 ohms would be absolutely worthless on any ordinary crystal detector. On a regenerative vacuum tube outfit, provided they were not used in series with a receiver that was wound higher, they would work fairly well.

Question—What is considered the ordinary limits of a short wave tuning range receiver as measured in meters?—F. P., Glendale.

Answer—This varies slightly in different makes of receivers, but ordinarily speaking, the range is supposed to be all the way from 100 to 700 meters.

Question—I have been informed that even a tree could be used as an aerial. Please tell me if this is a fact?—A. C. A., Glendale.

Answer—Yes, it is a fact. A couple of spikes driven in a tree to hook your machine to would give you action. How much would vary greatly on surrounding conditions. A tree, however, could not be recommended as a first-class aerial. Please refer to former question and answer on the subject of using bed-springs for aerials, as contained in a previous issue.

Question—Will you please publish in the radio column where I can get a book on how to make the receiving apparatus, and also the plans for a wireless telephone?—C. V. R., Glendale.

Answer—Books of this nature can be purchased in almost any radio store.

RUSSIA FOR RECOGNITION

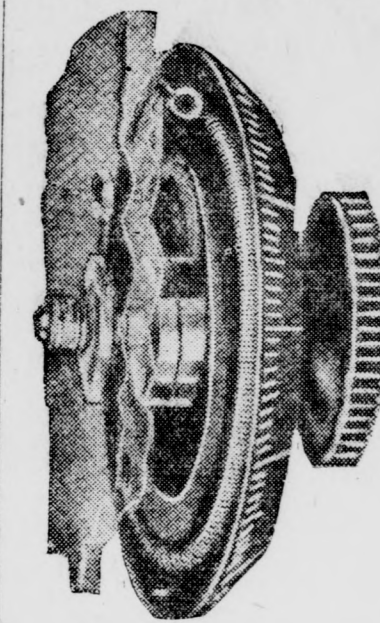

ROME, April 7.—Russia will insist upon complete recognition at the Genoa conference, according to a statement made by Vatslav Vorovsky, a member of the Russian delegation, who is in Rome. Vorovsky said: "If the allied governments decide at Genoa to enter Russia with credits, they will have to recognize the soviet government."

NEW APPARATUS AND DEVICES

By RALPH BROWN
RADIO ENGINEER, CUTTING AND WASHINGTON RADIO CORP.

A NOVEL DIAL RHEOSTAT

It has been customary in making cabinet radio equipment requiring the use of filament rheostats to mount the rheostat on the back of the panel and the dial and knob on

groove. This groove is in the back of a three-inch molded bakelite dial. The groove is recessed to allow the dial to clear the panel by one-sixteenth of an inch. It cannot, therefore, scrape against the panel and scratch it.

An "off" position is provided, and a stop on the dial engages the stationary contact at the extreme position. The dial is nicely engraved with markings from zero degrees to 360 degrees. Rotation over such a range insures fine adjustment. All the figures and graduations are filled with brilliant white enamel.

A bakelite knob is an integral part of the dial.

All the brass parts are heavily nickel plated, and the rheostat looks very nice when mounted on a panel.

The resistance is variable up to a maximum value of five ohms, and the current carrying capacity is two amperes.

HOME! SWEET HOME!

Makes no difference where you roam—
There's no other place in this world
Like home, home, sweet, sweet home.

When we reflect upon the simplicity of this song, we are ready to ask—what are the charms that lie concealed in it? That bring tears to the weary and homeless, and touch the hearts of the poor and rich alike?

The magical word "Home" associated with the strains of music invariably weaken the boldest and most daring criminals. Home—that name touches every fiber of the soul and strikes every cord of the human heart with its angelic fingers. Nothing but death can break its spell. What tender associations are linked with home! What pleasing images and deep emotions it awakens! It calls up the fondest memories of life and opens in our nature the purest, deepest, richest flow of consecrated thought and feeling.

Home is the magic circle within which the weary spirit finds refuge; it is the sacred spot to which the care-worn heart retreats to find rest from the toils and inquietudes of life. Ask the lone wanderer as he plods his tedious way, bent with the weight of age, and white with the frost of years, ask him what home is. He will tell you, "It is a green spot in memory; an oasis in the desert; a center about which the fondest recollections of a grief-oppressed heart cling with all the tenacity of youth's first love." It was once a glorious, a happy first love. It was once a glorious, a happy reality, but now it rests only as an image of the mind.

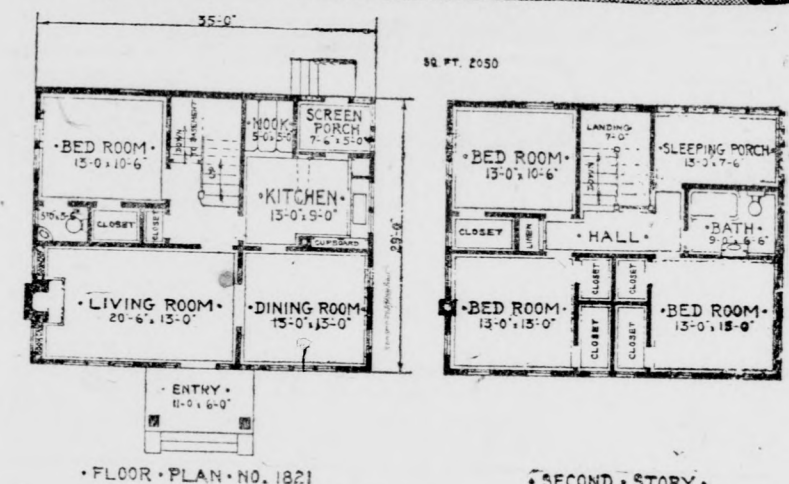

Home has an influence which is stronger than death. It is law to our hearts, and binds us with a spell which neither time nor change can break; the darkest villainies which have disgraced humanity cannot neutralize it. Ask the little child what home is. You will find that to him it is the world—he knows no other. The father's love, the mother's smile, the sister's embrace, the brother's welcome, throw about his home a heavenly halo, and make it as attractive to him as the home of the angels. Home is the spot where childhood pours out all its complaints and sorrows, and home is the place where these are soothed and banished by the sweet lullaby of a fond mother.

Can you, who are not proud possessors of your own home, read this without vowing to start today realizing the greatest of all happiness—Home Ownership? And those of you who have homes of your own will want to make some improvements to beautify and make more dear that place that means so much to each and every one of us—HOME!

IN APPEAL TO HARDING

ATHENS, April 8.—The Asia Minor defense committee of Greece has addressed an appeal to President Harding protesting against the return of Smyrna to the Turkish nationalists. Smyrna had originally been awarded to Greece in the treaty of Sevres. Then the Turco-Greek war broke out. Finally in an effort to secure peace in the Near East, the allied foreign ministers met at Paris and revised the Sevres treaty. Among the changes was the award of Smyrna to Turkey.

Locals and Personals

Miss Sarah Hiebert of Oklahoma is spending the week as the guest of Mrs. G. G. Isaac of 501 North Maryland avenue.

Mathew Becker of 1125 North Central avenue has purchased a Chevrolet from C. L. Smith, who is temporarily located at 400 East Broadway.

Mrs. Walter Parsonage of 327 Cameron Place has had as her guests for several days Mr. and Mrs. Robert Ottley of Vancouver, B. C., and daughter Elsie Allen.

Mrs. H. H. Wiebe of 438 West Burchett street entertained at afternoon tea during the week Miss Sarah Hiebert of Oklahoma and Mrs. G. G. Isaac of Glendale.

Mrs. F. H. Mellus of 355 West Lexington drive was the guest of Miss Lillian Arnold of the Van Nuys Hotel at the opening game of the baseball season in Los Angeles on Wednesday.

Harry E. White of the Harry E. White Company, Inc., distributors of the Cle-trac tank type tractors and Reo motor cars, with headquarters here at San Fernando Road and Brand boulevard, was a business visitor in Lancaster yesterday.

Mr. and Mrs. H. N. Way of 301 North Brand boulevard and Mr. and Mrs. R. F. Kitterman of 311 North Kenwood street motored to Long Beach Thursday to attend the funeral of a former Stanton, Nebraska, friend.

The regular business session of the Business and Professional Women's Club, of which Mrs. Margaret Biggs is president, will be held Tuesday night at the club rooms. The report of the nominating committee will be given at that time.

A public meeting of the Glendale W. C. T. U. will be held Monday night at the Harrower laboratory on East Broadway. There will be a musical program, and a social evening is being planned. Mrs. Ruby J. Smart is president of the local union.

Mrs. J. B. McClellan of 126 North Central avenue had the pleasure of a telephone conversation the early part of the week with her daughter, Miss Anabel McClellan, who is attending Mills College at Oakland and was unable to come home for her Easter vacation.

Dr. and Mrs. C. R. Lushy of 339 North Louise street, Mrs. C. D. Lushy of 224 North Louise street, Mrs. H. A. Wilson and Mrs. Edward Hamilton of River Falls, Wis., motored to Camp Baldy Thursday. They state that they had a fine trip and that everything at Camp Baldy is covered with snow. The roads were in very good condition.

Mr. and Mrs. Herman Paine of 339 North Maryland avenue returned yesterday from a two and a half weeks' business and pleasure motor trip, during which they covered a distance of 1560 miles. They went beyond Sacramento as far as Newcastle, stopping at practically all of the larger towns en route from Glendale. The roads, they state, are quite good, with only a few detours. The trip north was made by way of the valley route and the return by way of the coast route.

Mrs. G. Kaemmerling of 346 North Orange street entertained with a five-course turkey dinner party Thursday night in celebration of the birthday anniversary of her husband, Dr. Kaemmerling. The guests included Dr. H. G. Martin of Los Angeles, Dr. A. Newton Bobbitt, Dr. C. R. Lushy, Reverend C. M. Calderwood, Owen Emery, Emil Kiefer, Dru Nicoles, George Karr, C. E. Neale, J. F. McBryde, Capt. T. D. Watson, and Dr. Kaemmerlin. Roses, violets and spring flowers were used for decoration throughout the house. After dinner a musical evening was enjoyed.

Mrs. V. M. Hollister of 416 North Louise street and Mrs. R. M. Brown entertained with a surprise luncheon party the early part of the week in celebration of the birthday anniversary of Mrs. Brown's mother, Mrs. J. K. Hill. Easter decorations and spring flowers were used throughout the house. Those present included Mrs. J. K. Hill, Mrs. W. E. Woodside, Mrs. P. J. Schwab, Mrs. J. F. Dieterich, Mrs. Marianne Streight, Mrs. W. A. Tanner, Mrs. R. M. Brown and Mrs. V. M. Hollister. In the afternoon music was enjoyed and Miss Margaret Brown, daughter of Mrs. R. M. Brown, did several fancy dances.

Locals and Personals

Mrs. F. P. Tresslar of Los Angeles, formerly of Glendale, spent Friday visiting friends in this city.

Mr. and Mrs. V. M. Tresslar and son of 320 West Lexington drive spent Sunday at their ranch in La Habra.

The regular business meeting of the Business and Professional Women's club will be held at the clubrooms Tuesday night, April 11.

Mr. and Mrs. F. B. Shaner of Fullerton will be the Sunday guests of Mr. and Mrs. W. W. Stoff of 457 West Stocker street.

Mr. and Mrs. John D. Myers, formerly of West California street, moved recently into their new home in the Fairview tract. Their new address is 1945 Glenwood road.

Mrs. S. A. Davis and son Merle Davis of 118 West Colorado street, Mrs. W. E. Blythe of Glendale and C. A. Doughty of Yakima, Wash., enjoyed a trip to San Pedro and Long Beach on Friday.

Mr. and Mrs. J. B. McClellan of 126 North Central avenue entertained as their dinner guests yesterday Mr. and Mrs. Joe Boyd of Aledo, Ill., Mrs. Emma Boyd and Mr. Longshore of Long Beach.

Mr. and Mrs. W. A. Tanner of 400 North Louise street, Mr. and Mrs. Frank Fox and house guest, Mrs. Laurer of Chicago, were guests Thursday night at a dinner and theatre party given by Mr. and Mrs. J. P. Carr of Los Angeles.

Rev. J. W. Kiewer of Newton, Kansas, who is touring Southern California, is spending several days in Glendale, during which he is visiting Mr. and Mrs. H. H. Wiebe of 438 West Burchett street and other friends in this city.

The members of the literary section of the Tuesday Afternoon Club, of which Mrs. F. L. Hollingsworth is curator, will hold an apron sale at the meeting of the club at Masonic Temple, Tuesday afternoon, April 11.

Mrs. Violet Morgan and Miss Pauline St. Claire of 518 North San Fernando road were among the Glendale people present at the Flintridge horse show on Thursday. They were guests of William Duffy of Pasadena.

A. E. Edwards, who resides at 238 Glenwood Road, in the Fairview tract, has just gone into the mushroom business. He is now finishing a large mushroom cave, 12x16 feet, the output of which will be from ten to twenty-five pounds per day, and his entire crop is contracted for.

Births

A baby daughter was born to Mr. and Mrs. O. L. Zook of 623 North Howard street on Thursday, April 6, 1922.

Mr. and Mrs. A. G. Wheelon of 453 West Ivy street are the parents of a baby boy born last night, Friday, April 7, 1922, at the Glendale Sanitarium Hospital. Mr. Wheelon is a draughtsman at the city hall.

The Glendale Research Hospital yesterday, Friday, April 7, 1922, was the birthplace of a baby boy. His parents are Mr. and Mrs. S. C. Deckard of 715 East Palmer avenue.

Dr. G. Kaemmerling Tells of Land Deal

Dr. G. Kaemmerling wishes to correct a mistaken impression existing in the minds of many that he secured an option on the Dodge property for the Glendale Sanitarium and Hospital. While he did obtain the option, it was for the purpose of subdividing, but later developments caused him to turn over all except two and one-half acres which he will retain as a homestead.

"Twenty-eight days elapsed between the time I took the option and the time Mr. Kimlin asked me to sell part of the property to the sanitarium. I had planned to sell it to professional people for homesites as it is located in a most desirable part of the city."

Something that increases the population of the smaller cities is the limitation of jobs in the big ones.

MOVIE, AUTO, DANCE TRIPLE ALLIANCE SPELL 'M-A-D'

Three Cause Trouble for Many Young People, Claimed by Juvenile Authority

"A very conservative estimate of feeble-minded people in this country would be 500,000 juveniles and adults; institutions house about 25,000 of them."

This statement was made Thursday afternoon before the Cerritos Parent-Teachers' Association by Stanley W. Sutton, probation officer for the juvenile court. The scope of the work of the juvenile court was outlined briefly by Mr. Sutton. He remarked that the chief probation officer of Los Angeles county, W. H. Holland, was once principal of the Cerritos school. "There are three grades of feeble-mindedness," asserted Mr. Sutton. "Morons, idiots and imbeciles. Seventy-five per cent of feeble-minded are morons. You meet them every day in your business. They are people who are developed in a one-sided fashion and perhaps quite efficient in their line, but are intellectually deficient when it comes to the broader intelligence."

Movie, Auto and Dance "One of the causes of our delinquency is that trinity which I call the 'triple alliance'; the movie, the auto and the dance. If you will notice, the initials spell M-A-D. The young people of this generation seem to be literally mad about these things. Parents should insist upon proper movies and shows. The unchaperoned familiarity that takes place in autos at night does not tend toward the uplift of our young people. The dance, as we have had it in conjunction with jazz music, has been detrimental to the extent that the National Dancing Masters' Association at its last convention passed resolutions to the effect that they must do away with the so-called jazz or people will rise up and legislate it from public use.

"Many people are forced to live in a community of improper environment due to the fact that high rents and restrictions regarding children make it impossible for them to seek a better locality."

"Parents are often indifferent as to the proper care of their children. It is particularly desirable that parents and teachers should work together for the good of the boy and girl. The Parent-Teachers' Associations are accomplishing this thing in a very commendable manner. I have had the privilege of speaking to a number of these organizations in Los Angeles county and the interest displayed has been most inspiring."

Boy Needs Real Pal "The boy is the greatest piece of machinery that has ever been invented. Is it any wonder that a boy is peculiar at a certain stage in life when his muscles are calling for more time; his brain is calling for more phosphorus; and the process of metabolism is calling for more oxygen? Is it any wonder that he is peevish and becomes discontented with his surroundings? What he needs at this time is someone to be a pal, to counsel with him and encourage him.

"Fathers and mothers should tell their boys physical truths when the boy becomes old enough to understand, and a boy can understand many things as soon as he is able to go to school. "Many boys find themselves in embarrassing circumstances and in the juvenile court because of their ignorance of business matters. Boys should be taught the fundamentals of business, such as the handling of checks and money. We have boys under the ward of the juvenile court who passed worthless checks when 7 or 8 years old. Teach a boy the fundamentals of business as soon as he is able to go to the bakery for a loaf of bread."

J. W. GOULD IS RECOVERING

J. W. Gould, member of the Glendale Fire Department at Station No. 2, is getting along nicely at the Glendale Research Hospital following a recent operation. His home address is 124 West Laurel street.

For correct styles, right prices, visit BUSHNELL MILLINERY PARLOR, 1510 S. Brand.—Adv. 4-15

MAY I HELP?

Very few people have any accurate knowledge of the principles of life insurance. Many people who think they have sometimes find that they are sadly mistaken in their understanding of values, options, etc., when they meet a crisis at some critical stage.

Having devoted the past 10 years exclusively to life insurance, and in this community, I should have acquired some expert knowledge of the subject. If you think my reputation for honor and square dealing warrants, I will be glad to advise you, absolutely free, as to any contract you may have or as to any you may desire. If I can help you in any manner, I shall be repaid.

HOME! SWEET HOME!

—Be it ever so humble—there's no place in this world that means so much to you as Home, Home, Sweet, Sweet Home.

—But in these modern times, with the inventive mind concentrated on pleasing exteriors, convenient and practical interiors, labor and time-saving conveniences, etc., it is no longer necessary to build unattractive guess-work homes with disregard to the modern ideas that are available.

—That we could be of every possible assistance to those who are contemplating building we have so thoroughly equipped our offices with modern building ideas that you are assured of having your every requirement cared for, and we welcome the opportunity of serving you.

France is trying to stimulate flax growing in northern Africa. In other days, France imported vast quantities of flax from Russia, but that supply is now shut off.

Glendale Actress In Picture at T. D. & L.

"The Song of Life," an excellent dramatic portrayal by John Stahl for First National pictures, featuring Gloria Woodthorpe, the Glendale actress, in the famous screen role, will be shown at the T. D. & L. theatre in conjunction with the week-end vaudeville road show bill for the last times tonight. It is one of the best combination shows of the past year, in a long time. Gloria Woodthorpe will be one of the interested spectators in the audience tonight.

The vaudeville offers fine, lively, good numbers. The Musical Cook, a novelty act; C. Crovo and Marcello, musicians of much talent and jazz; "Just Married," a high-class comedy sketch; Del Roy Brothers, dancers and "The Chap With the Personality," a very clever fellow of songs and wit.

Gloria Swanson stands as a typical example of the fact that it is really only hard conscientious work, coupled with genuine merit, which makes a star. To these attributes beauty, her meritorious screen quote just a few of them will assure you that when her latest picture, "Her Husband's Trademark," coming to the T. D. & L. theatre tomorrow, Sunday and Monday, is shown, and faithfully styled her greatest to date, then you will know that it is a truly great production. Remember her most really enjoyable portrayal of a deserted wife in "The Sin of Sinners," and "The Infernal Triangle." "Don't Tell Everybody?" And, remembering all of these things, don't you get some very pronounced idea of what you may expect from her latest and her greatest, "Her Husband's Trademark."

THE T. D. & L. THEATRE TODAY

Hundreds of Children Visit Roberts-Echols

Five hundred children were lined up in front of Roberts & Echols drug store at the corner of Broadway and Brand boulevard this morning waiting for the doors to open at 9 a. m., when the free distribution of Easter candy began.

As each received the sack of sweets, a yip that could be heard a block echoed through the store and into the streets. By noon approximately 1500 packages had been given away, a record gift. Pictures of Jinx Day taken by Roberts & Echols also were attracting considerable attention.

LINEBERGER ASKS ACTION

WASHINGTON, April 8.—Demand for immediate consideration of the report of the congressional committee which investigated the escape of Grover Cleveland Bergdoll, wealthy traitor, was made in the house by Representative Lineberger, republican, of California, and Jeffries, of Alabama.

They said that all persons accused in connection with the escape should be punished or exonerated if not found guilty. The report was made nearly a year ago, but has slumbered on the house calendar.

Drink Fru-Ber-ree' at all soda fountains. That's the new and delicious Sierra Club beverage with the winey tang.—Adv.

FINAL AWARDS FOR MEMORY CONTEST ARE ANNOUNCED

Long List of Prize Winners
Given Out at Meeting of
Glendale Music Club

(Continued from Page 1)

been obtained entirely from subscriptions. The people of Glendale are indeed proud at the outcome of the contest. In San Diego, where a similar contest was staged, only twenty-four perfect papers were turned in from 2000 competing. Glendale has again broken the record.

The following pupils of the fifth and sixth grades and the intermediate school received the silver lyre pins:

Marion Hosking, Charles Kausen, Muriel Poorman, Gladys Higgs, Mildred Lewis, Frances Payne, Beryl Brown, Virginia Ulrich, Elizabeth Young, Mary Ann Fleming, Hartley Person, Celie Logan, Mae Goetz, Dorothy Bissinger, Cornelia Hollingsworth, Bernice Smith, Beatrice Smith, Jennie Sheridan, Dorothy Wilton, Verna Collins, Charles Wyman, Dorothy Erskine, Pityllis Doggett, Frances Van Etten, La Verne Wolfram, Dorothy Thedaker, Marice Elrod, Barbara Gilman, Marice Gerlitz, George Grey, Ruth Houle, Waldo Winger, Shirley Ott, Betty Grant, Genevieve Luc, Vera Lockwood, Anna Farinacci, Ruth Bender, Blanche Cox, Vivian Walsh, Elfrida Tronowsky, Inez Ortiz, Nancy Kilgore, Jane Thine, Ruth Wilson, Janice Fletcher, Carol Elghmy, Ruth Willis, Ruth Vogel, Alice Prialux, Georgia Young, Dorothy Hertzog, Mahala Wichert, F. W. Foulitz, Truett Jennings, Charles Cronkite, Charles Martin, Erwin Yeo, Charles Andrews, Grace Mitchell, Virginia Caldwell, Mabel Todd, Wilma Kul, Laura Moyle, Grace Goodfellow, Helen Orr, Dorothy Burch, Virginia Abbey, Myrtle Davis, Helen White, Charles Kausen, Doris Cook, Marcia Crocker, Alice Lue, Marjorie Phillips, Helen Vanderwood, Ethel Ware, Lucile Bruner, Marjorie Prialux, Josephine McClaren, Elizabeth Woltmann, Madeline Corvin, Marjorie Muff, Margaret Annis, Bernice Collins, Nellie Jenkins, Frances Kulp, Vivian Kothe, Rebecca Brant, Helen Houle, Miriam Bainbridge, Evelyn Meeker, Pauline Phillips, Betty Glade, Sybil Townsend, Kathryn Kitterman.

From High School Those from the high school who received the silver pins included:

May Jacobson, Lucile Allen, Winifred Parker, Frances Wyman, Lois Olmstead, Gertrude Heldman, Clara Clark, Alice Carpenter, Lois Campbell, Frederica Brown, Freeda Potts, Ethel Burke, Selma Carver, Genevieve Mulligan, Julia Robinson, Carolyn Grey, Shirley Fawkes, Ruth Dana, Muriel Hivley, Dorothy Cotton, Lois Kimball, Elsie Forsythe, Beryl Hatch, Edith Mae Nelson, Pauline Phillips, Clara Bowling, Esther Phillips, Bertha May, Erma Lucas, Elsie Cowan, Virginia Marsh, Genevieve Hook, Florence Bruce, Louise Sanders, Lucile Harris, Mildred Fischer, Pauline Phillips, Ruth Goto, Audrey Haines, Beryl Goodale, Lucile Beach, Alice Houston, Mary Sherrick, Ruth Geis, Leonora Rose, Doris Davis, Florence Rattray, Mary Jennings, Dorothy Buss, Julia Goetz, Carmen Kinzy, Beulah Schultz, Edith Bayley, Mildred Moody and Amy Bainbridge. Mrs. E. T. Van Etten, who not only took part in the contest but assisted many of the children in memorizing the selections, was also presented with a pin.

A very delightful musical program followed the presentation of the prizes by Mrs. Jones, the artist being Mrs. Catherine Shank of Glendale, soprano, assisted by William E. Hullinger, flutist, and Mrs. Hennion M. Robinson, accompanist. The program as given by them was as follows:

I. "Nymphs and Shepherds" (Purcell), "The Slighted Swan" (L. Wilson), and "A May Carol" (Deems Taylor), by Mrs. Shank, accompanied by Mrs. Robinson.

II. "Charmant Oiseau" from Le Perle du Bresil, (F. David), by Mrs. Shank, with flute obligato by William Hullinger, and Mrs. Hennion Robinson at the piano.

III. "Canzonetta" (Sibella), "Vien o Figlio," from air de Otello (Handel), and "L'ultimo Canzone" (Tosti), by Mrs. Shank. As an encore she sang "Songs My Mother Taught Me" (Dvorak).

IV. Flute solos, "Andalouse" (Pessard) and "Allegretto, suite Op. 116" (B. Goddard), by William E. Hullinger. As an encore, he played Cadman's "At Dawning."

V. "Il Neige" (Bemberg), "Le Mirroir" (Ferri), and "La Bonne Chanson" (Hahn), by Mrs. Shank. The encore given by her was "Bag of Whistles" (Crist). This was followed by "L'Amore, Il re Pastore" (Mozart), by Mrs. Shank, Mr. Hullinger and Mrs. Robinson.

VI. American Group. "All For You" (Martin), "Nature's Holiday" (Hagerman), "Little Sweetheart and I" (E. H. Clark), by Mrs. Shank and Mrs. Robinson, and "Spring Morning" (Eitelbert Newton), by Mrs. Shank, Mrs. Robinson and Mr. Hullinger.

Beautiful bouquets of jonquils, iris and spring flowers were presented to Mrs. Shank and Mrs. Robinson.

The piano used for the concert was furnished through the courtesy of the Glendale Music club.

NURSE IS OPERATED UPON

Miss Ethel Anderson, nurse at the Glendale Sanitarium, was the object of an emergency operation for appendicitis last night at the Glendale Sanitarium Hospital.

COMMENT THAT'S ALL

Awakening a Metropolis
Out to Get Acquainted
Salvage by Great Railroad
About Airplane Accidents

By Gil A. Cowan

TODAY Glendale is host to the suburban section of the Los Angeles City club, a very representative organization which is making its mark in the big affairs of the metropolis.

At their luncheon this noon the City Club members tackled the two biggest problems facing the suburbs at the present time. Sewage disposal and transportation are matters for a metropolitan district's consideration.

This afternoon these interested men are looking over the principalities of greater Los Angeles and learning what must be done. And by greater Los Angeles one does not mean the annexed portions, but all of the tributary vicinity.

Again, tonight the people of Glendale will get some first-hand information on the two big problems at which me it is expected some program of action will be formulated.

All of which comes as the result of an inspiration inculcated in the City Club by Wyllys M. Abbot of Venice, chairman of the suburban committee.

Another excursion in the offing which will do Glendale much good is the motorcade of the Chamber of Commerce, which will scurry forth into the San Fernando and Monte Vista valleys on April 19.

Much favorable publicity already is resulting and the advertising this city will obtain cannot be estimated in dollars and cents. The trip is planned for the purpose of getting acquainted with "our neighbors."

And the latter are preparing a royal reception along the way. Will you be one of the crowd? Ask Secretary James Rhoades.

Columns of interesting information are crowded from the newspapers each day, but here is something rescued from the Southern Pacific news bulletin, which is enlightening on the subject of economy:

"The articles reclaimed cover a great range. Much material received is made over into entirely different form. Even the machinery itself has been made over from machines which have outlived their usefulness elsewhere. Items handled vary from sealing wax obtained from worn-out dry cells, tin drinking cups and grease cans from coffee cans, clip paper and pads from old forms and tariffs, etc., to bolts, brake-beams, car and locomotive couplers, truck and body bolsters, rail joints, switch points and frogs, and rail."

Six people were killed in a London-Paris airplane crash yesterday. There have been remarkably few accidents since the inauguration of the passenger service between those two continental points, the news reports state.

Five people lost their lives in a seaplane accident off the Florida coast a few days ago.

Considering the number of passengers carried in this country the fatalities are not numerous. But there still remains several things to be solved before the greater portion of the population will be willing to risk their necks in flying machines.

Radio Service Needs Dependable Voltage

"Radio Service," said H. M. Parker, manager of the local Exide Service Station, "requires a battery with a dependable voltage; that is, a battery whose voltage, after a few minutes' use, will not drop to a point where it becomes necessary to make frequent adjustments of the apparatus."

"There is only one way to be assured of this, and that is, to buy only new batteries and only those made by a firm with a reputation for making dependable batteries."

Also, it is very desirable and really important to buy a battery that has behind it a service organization which will help the radio fan prolong the life of the battery.

"Much depends on the proper care of a storage battery, as many motorists who use them in their cars will testify. This doesn't mean that storage batteries are hard to care for, but on the contrary, the rules are so few and simple, that many people fail to be impressed by the importance of rigidly following them. In this, the proper service organization can help by teaching the radio fan how to take care of his battery."

"Then a lot of radio fans don't know what kind of a battery to buy, as such terms as 'voltage' and 'ampere hours' are bewildering. We are answering questions every day at our service station and we are glad to tell any radio enthusiast or prospective owner of a set, all we know about batteries and we issue a broad invitation to the good folks of Glendale, to use this service to the limit."

AT RESEARCH HOSPITAL

Mrs. Nellie M. Phoenix of 331 Salem street was operated upon this morning at the Glendale Research Hospital.

A minor operation was performed this morning at the hospital upon Fred Tilkick of 421 West Oak street. Miss Marian Tilkick of 501 East Wilson avenue had her tonsils removed this morning at the Glendale Research Hospital.

OPENS STATIONERY STORE

C. R. Oneil of Pasadena has opened a new stationery and office supply store at 231 North Brand boulevard, a business in which he has had eight years' experience. In addition to the regular lines, he will handle toys and novelties, it is stated.

PASADENA LOSES IN TRACK MEET TO INTERMEDIATES

Military Academy Team Beat
by Glendale Athletes by
61½ to 70½ Score

Glendale Intermediate school athletes yesterday won a track meet from the Pasadena Military Academy by a score of 70½ points to their opponents 61½, after having defeated the junior and intermediate cadets and lost to the senior boys.

A. T. Blanford, athletic director in the city schools, reports that the athletic carnival held Thursday afternoon for the benefit of the bleacher fund netted \$57.

Following are the results of yesterday's contests:

Junior Class
(Boys under 4 ft. 9 in.)
75 Yard Dash: Muff (1) first; McDonald (P) second; Temple (P) third.

220 Yard Dash: Korb (1) first; Quine (P) second; Packard and Weyand (1) tied for third.

High Jump: Quine (P) and Korb (1) tied for first; Booth (1) and Weyand (1) tied for third.

Broad Jump: Muff (1) first; Temple (P) second; Packard (1) third.

Relay won by Pasadena Military Academy.

Points: Intermediate, 22; Pasadena Military Academy, 19.

Boys under 5 ft. 2 in.
75 Yard Dash: Lovell (1) first; Montgomery (P) second; Boone (1) third.

220 Yard Dash: Boone (1) first; Montgomery (P) second; Buttery (1) third.

High Jump: Mitchell (1), Wolcott (1), Edwards (1), tied for first.

Broad Jump: Wolcott (1) first; Edwards (1) second; Mitchell (1) third.

Relay won by Glendale Intermediate.

Points: Intermediate, 35; Pasadena Military Academy, 6.

Senior Class
(Any boy eligible)
100 Yard Dash: Arckelian (P) first; Lesh (P) second; Spencer (P) third.

220 Yard Dash: Fannett (1) first; Carbish (P) second; Moffatt (1) third.

880 Yard Run: Holmig (P) first; Winger (1) second; Copeland (1) third.

High Jump: Holmig (P) and Parrott (P) tied for first; Betts (P) and Winger (1) tied for third.

Broad Jump: Arckelian (P) first; Wippert (1) second; Iscovitz (P) third.

Relay won by Pasadena Military Academy.

Points: Pasadena Military Academy, 36½; Intermediate, 13½.

Points for entire meet: Intermediate, 70½; Pasadena Military Academy, 61½.

UNCOLLECTED TAXES BIG

WASHINGTON, April 8.—More than a quarter of a billion dollars in uncollected and "contested" taxes will be garnered by the government this year and devoted to relieving some of the embarrassment incident to the huge falling off in this year's returns, according to estimates made by treasury officials. This, it was stated, will be one of the chief beneficial results from the general shakeup of the business department of the government, now in progress.

There are now on the books of the treasury department more than one billion in back taxes, with prospects that this enormous amount will be increased as the business progresses of getting the books on a current basis.

Secretary of the Treasury Mellon estimated that the tax deficit this year will reach \$300,000,000. How to make it up has been perplexing administration officials for a month.

AT CHARLES BRICE HOME

Mrs. Clark T. Christy and little son, Clark T. Christy, Jr., left the Glendale Sanitarium and Hospital on Wednesday and are spending two weeks with her parents, Mr. and Mrs. Charles P. Brice of 304 North Kenwood street, before returning to her home in Downey.
